

Plus-point product diversity

Retractable tail lift with a capacity of 2.000 kg or 2.500 kg for semi-trailers or central axle trailers.

Sörensen

The tail lift experts

Our sturdy model: X1UA 2000/2500

Retractable tail-lift with a capacity of 2.000 kg or 2.500 kg

The sturdy concept for semi-trailers and central axle trailers featuring the proven Sörensen X1 Technology.

Guaranteed unproblematic loading and unloading on ramps or with forklift trucks

The sturdy partner with solid advantages:

- + Clamped assembly is possible
- + No welding operations are necessary
- + Smooth sliding of the system thanks to its hydraulic cylinders
- + Quicklock ensures stability and avoids platform back spring while loading.
- + Lower fuel consumption and reduced CO2 emissions.
- + Rear bumper according to the directive 2006/20/EG for an unlimited vehicle weight
- + Low life cycle costs through compact design and maintenance-free bushings
- + The nitrate surface treatment of the cylinders, offers protection against corrosion

Plus-point product diversity

Retractable tail lift with a capacity of 2.000 kg or 2.500 kg for semi-trailers or central axle trailers.

Product information

+ Lifting mechanism

Black KTL coated (RAL 9005), maintenance-free bushings, pre-drilled assembly plates to bolt the lift onto the vehicle frame, crash bar in one piece (tested by TÜV and EU-approved), electrical interface according to VEHH norms

+ Lifting arm lengths

775 mm / 875 mm

+ Lifting capacity / load distance

X1UA 2000: 2.000 kg at 600 mm

X1UA 2500: 2.500 kg at 1.000 mm

+ Loading height

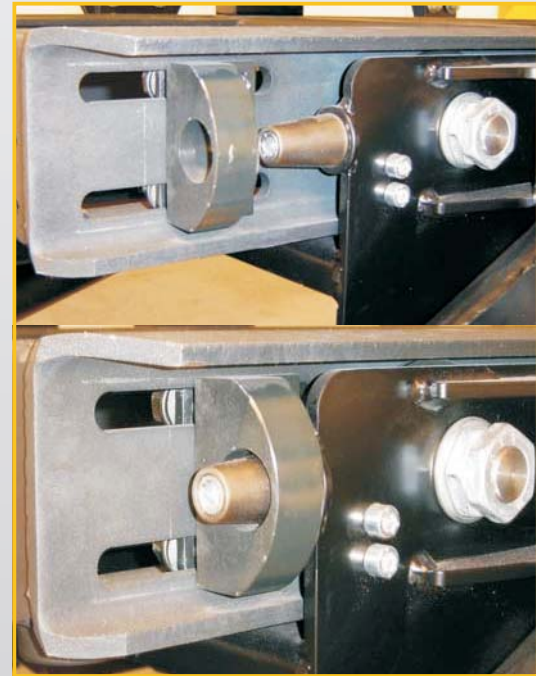

X1UA 2000: 1.420 mm max.

X1UA 2500: 1.405 mm max.

+ Platform

X1UA 2000: fixed part: steel / folding part: aluminum

X1UA 2500: fixed part: steel-aluminium / folding part: aluminium

Standard equipment

- + Waterproof control box
- + Flat 2 button safety foot controls on the platform
- + Installation ready steel mainframe, black coated, with brackets
- + Spring assisted folding and unfolding of the platform
- + Quicklock avoids platform back spring while loading
- + Controls for servicing the lift (Service Switch)
- + Quiet running power pack with thermo switch
- + Maintenance-free bushings
- + Warning flags

Accessories (in extracts)

- + Warranty extension from 24 to 36 months
- + Flat 2 button safety foot controls on the platform
- + Warning flashlights on platform corners
- + 3 button hand-held control with wanderlead
- + Pre-assembled battery box
- + Control box fitted with a key switch
- + Different types of cart stop
- + Battery loading line for trailers or semi-trailers
- + Mass cable
- + Cross milling on the platform
- + Clamped assembly is possible

TYPE:	X1UA 2000	
Platform height / weight:	mm	kg
	1.700	720

TYPE:	X1UA 2500	
Platform height / weight:	mm	kg
	2.500	800

The patented X1 Technology makes it possible:

- + Unrivaled light tail lifts, maximum stability for optimal loading capacity and efficient workflows.
- + Compact design, fewer construction parts - exclusively high quality - and maintenance-free bushings for minimum life cycle costs of the tail lift.
