

## Plus-point product diversity

Folding tail-lift with a capacity of 1.000 kg or 1.500 kg for the distribution sector.

# Sörensen

The tail lift experts

## Our multi-purpose model: X1FA 1000/1500

Folding tail-lift with a capacity of 1.000 kg or 1.500 kg

Light and multi-purpose:  
The tail-lift solution for occasional use  
on delivery trucks.

Guaranteed unproblematic loading and  
unloading on ramps or with  
forklift trucks.

## Your advantages unfold with this Sörensen lift:

- + Fast assembly through bolted assembly plates
- + No welding operations are necessary
- + Low own weight of the lift while maintaining its high stability improves the payload of the truck
- + Classic loading and unloading of the vehicle is possible without using the tail lift
- + Lower fuel consumption and reduced CO<sub>2</sub> emissions.
- + Rear bumper according to the directive 2006/20/EG for an unlimited vehicle weight
- + Low life cycle costs through compact design and maintenance-free bushings
- + The nitrate surface treatment of the cylinders, offers protection against corrosion

# Plus-point product diversity

Folding tail-lift with a capacity of 1.000 kg or 1.500 kg for the distribution sector.

## Product information

### + Lifting mechanism

Black KTL coated (RAL 9005), maintenance-free bushings, pre-drilled assembly plates to bolt the lift onto the vehicle frame, crash bar in one piece (tested by TÜV and EU-approved), electrical interface according to VEHH norms

### + Lifting capacity / load distance

1.000 kg / 1.500 kg at 600 mm

### + Loading height

Min. 1.100 mm (loaded), max 1.350 mm with an arm length of 875 mm

### + Platform

Aluminum

Option: Towing ball coupling, quick and easy installation, retro fittable.

## Standard equipment

- + Waterproof control box
- + Bolted plates for fast assembly
- + 2 button hand-held control with wanderlead
- + Installation ready steel mainframe, black coated, with brackets
- + Automatic ground tilting
- + Static over roll plate
- + Controls for servicing the lift (Service Switch)
- + Quiet running power pack with thermo switch
- + Maintenance-free bushings
- + Warning flags
- + The platform can be tilted at any loading position

## Accessories (in extracts)

- + Warranty extension from 24 to 36 months
- + Flat 2 button safety foot controls on the platform
- + Warning flashlights on platform corners
- + 2 button hand-held control with wanderlead
- + Case for rear lights
- + Hydraulic leveling
- + Cart stops
- + Rear beam
- + Mass cable
- + Cross milling on the platform
- + Towing ball coupling (to be bolted)

TYPE:	X1FA 1000	
	mm	kg
Platform height / weight:	1.400	395
TYPE:	X1FA 1500	
	mm	kg
Platform height / weight:	1.400	410
Rear beam:		20
Case for rear lights:		15

The patented X1 Technology makes it possible:

- + Unrivaled light tail lifts, maximum stability for optimal loading capacity and efficient workflows.
- + Compact design, fewer construction parts - exclusively high quality - and maintenance-free bushings for minimum life cycle costs of the tail lift.
